## EDUCATION

University of California, Santa Barbara  
B.A. Economics

September 2014 – June 2018  
4.0 Comp Sci GPA, 3.52 Overall GPA

- Advanced courses in **Computer Science** and **Statistics**
- Offered a prestigious Computer Science TA position by CS faculty member

## RECENT PROJECTS

**Personal Website:** [morgannewman.io](http://morgannewman.io) (for additional information and projects)

### Knowted: Aggregate learning resources to level-up, better

[Demo](#) / [GitHub](#)

- Knowted is a learning app offering file management and rich text editing
- Project lead, overseeing 3 other engineers
- Back-end built with **Node** / **PostgreSQL**, front-end built with **React**

### Lexii: Discover relevant images to pair with your written content

[Demo](#) / [GitHub](#)

- MVP in 24 hours with 2 teammates from Facebook and Cloudflare at Intuit Small Biz Hack, 2018
- Currently rebuilding product using **TypeScript**
- Back-end built with **Python** / **PostgreSQL**, front-end built with **React** / **TypeScript** / **Sass**

### Womby: A web-based notetaking app

[Demo](#) / [GitHub](#)

- Womby is a mobile-first, responsive rich text editor built with **React**
- Back-end built with **Node** / **MongoDB**, front-end built with **React** / **JavaScript** / **Sass**

## Open Source Contributions

- **RateFlix** (>16,000 users): Submitted a major **pull request**, allowing Netflix to show clickable Rotten Tomatoes ratings for TV shows and movies
- **FlixCritic** (Creator): A more modern Chrome extension than RateFlix; appends Rotten Tomatoes critic information while browsing Netflix — I ♥ Rotten Tomatoes

## EXPERIENCE

Software Engineer, Apprentice  
Thinkful

July 2018 – January 2019  
Remote

- Created and deployed mobile-first applications while learning new languages and frameworks by collaborating several hours every week with a senior web developer
- Emphasis on Node, Express, React, MongoDB, PostgreSQL, and modern JavaScript

Analyst, Intern  
FastSpring (SaaS Startup)

May 2017 – August 2017  
Santa Barbara, CA

- Effectively presented key data insights to non-technical middle- and upper-managers, weekly
- Improved marketing email engagement by 14% using statistical modeling insights
- Built a data dashboard for non-technical managers to better understand data insights

Management Consultant, Intern  
Warren Consulting Group

March 2017 – July 2017  
Goleta, CA

- Worked with defense industry titans to analyze a difficult corporate merger
- Learned to effectively interact with many different departments, both technical and non-technical
- Helped the CEO make a key multi-million-dollar decision with my team's analysis presentation

## ENGINEERING SKILLS

- **Front-End:** React, JQuery, Testing, and Deployment
- **Back-End:** Node.js / Express, Python / Flask, SQL, noSQL, REST, Testing, and Deployment
